EDUCATION

KIT-KalaighnarKarunanidhi Institute of Technology B.Tech Computer Science and Business Systems, Pre-Final year	2023 – 2027 CGPA: 8.39/10.0
HSC Kadri Mills Higher Secondary School ,Coimbatore	2022-2023 Percentage:82
SSLC Vivekananda Kalvi Nilayam Matriculation School ,Coimbatore	2020-2021 ALL PASS

INTERNSHIP

CodeBind Technologies

- Completed a front-end development internship focused on building responsive web interfaces.
- Worked with HTML, CSS, and JavaScript to design and develop interactive web pages.
- Collaborated with the team to troubleshoot issues and enhance website performance.

LearnLogicify Technologies

- Completed a full stack development internship focused on building end-to-end web solutions.
- Gained hands-on experience in both frontend and backend development workflows.
- Collaborated with team members to debug issues, optimize performance, and ensure smooth functionality across the stack.

PROJECTS

Food Management Website

- Developed A Full-Stack AI-powered Food Waste Tracker application using JavaScript, and DBMS to monitor and analyze the food wastage.
- Implemented features for waste data collection, inventory tracking, analytics dashboards, and AI-based waste prediction to improve operational efficiency and support sustainable food management.

Interior Designing Website

- Developed a full-stack interior designing web application using MongoDB, Express.js, React, and Node.js
- Designed responsive UI to showcase interior projects and services effectively

Mentor AI – Multi-Agent Student Assessment Platform

- Developed a multi-agent AI system using Node.js, Ollama, and Groq AI.
- Automated question generation for student assessments across multiple topics and difficulty levels.
- Built AI agents to evaluate student responses and provide personalized feedback.
- Generated performance analytics and progress reports to track student learning outcomes.

TO DO LIST APP

- A simple To-Do List app built using HTML, CSS, and JavaScript to add, manage, and delete daily tasks with ease.

TECHNICAL SKILLS

SQL	Git	Node.js	Java
React.js	Github	Python	HTML
C	JavaScript	DSA	CSS
OOPS	DBMS	LangGraph	

CERTIFICATIONS & COURSES

INFOSYS SPRINGBOARD-TechA Web Development using HTML&CSS foundation certification || Java foundation Certification || Python foundation Certification
CISCO NETWORKING ACADEMY –Introduction to Data Science || Python Essential || Introduction to Cybersecurity

COMPETITIVE PROGRAMMING

Leetcode : Max rating - **1449**| Solved problems:130+
Codechef : Max rating - **1337** |solved Problems :400+
Codeforces : Max rating - 10 36

ACHIEVEMENTS of Ragavi

- Solved 500+ Data Structures, Algorithms, and Competitive Programming problems across multiple coding platforms, consistently strengthening problem-solving ability.
- Participated in 24-hour college coding hackathon and also took part in an 8-hour coding hackathon, demonstrating quick thinking and strong analytical skills.
- Participated in a 36-hour hackathon, where my team secured a place in the Top 100 out of 300 teams, showcasing teamwork, creativity, and efficient technical execution.
- Participated in 100+ rated competitive programming contests, gaining extensive experience in time-bound logical problem solving.
